Message from Northamptonshire Police:

Neighbourhood Alert is the messaging service run by Northamptonshire Police and was formerly known as Community Connect. It has been re-launched under the name Northamptonshire Neighbourhood Alert and now has greater functionality than previously, allowing our frontline police officers to send alert messages direct from their mobile devices to thousands of local people. They will be able to do this in real-time while they are out and about policing the county.

The alert service is free and simple to activate by registering at [www.northamptonshireneighbourhoodalert.co.uk](http://www.northamptonshireneighbourhoodalert.co.uk) and is available to anyone living or working in Northamptonshire.

After signing up to the messaging system, people will receive regular alerts from Northamptonshire Police, Neighbourhood Watch and other partner organisations, keeping them up to date and informed about crime, and issues relevant to them and the area where they live or work.

Alerts are received either by email, text message or voice message – whichever suits. People will also be given the option of what they want to receive alerts about, and how often – they will only receive messages about topics they have selected.

Many of our Neighbourhood officers and Response teams have been trained to use the alert system and are now regularly sending out messages to the public, including; crime alerts, missing person alerts, witness appeals and crime prevention advice.

This alert tool provide us with a really effective way to reach the communities we serve, improving the flow of information and therefore making a greater impact in the prevention and detection of crime and the reduction of anti-social behaviour.

There are already 10,000 local people registered with Northamptonshire Neighbourhood Alert.

Officers are based at Daventry Police Station and Brixworth.

Also a reminder that our team send out information on the following Twitter accounts which includes more live time information on our daily activities in the Daventry area:
