Otters 97.3%  
School 96.1%

#### School Matters!

Well done to **BADGERS** for 99%  
attendance this week

### Tidiest Class Room

This week the tidiest class room  
goes to ....

**FOXES**

## Message from the Head

Hello All,

Time moving is a strange thing and as I grow older I find it increasingly tricky to think about. Very often I hear how time has run away or how time has dragged. Very rarely does time behave as it should. I suppose it could be compared to the weather. It is either too hot, too cold, too rainy, too dry...rarely just right.

As I write this there are 18 days of the school year left. When I look back at all that has been achieved I am in awe of my staff and their diligence and effort to deliver quality teaching to all the pupils. I look at the general data and see a positive trend. When I look in books I see individual achievement and progress from the start of the year and all of this has happened (in my perception) extremely quickly.

But more importantly than any data I see how the children are growing into amazing members of society. Part of the brilliance of children is their ability to respond (or not 😊) to positive instruction/advice. Primary school is a perfect place to make mistakes and learn from them, developing social skills that will enable them to fully function as contributing, caring and loving adults in our ever changing world. We have a diverse group of pupils and those formative interactions will always shape the adults they have yet to become.

The school calendar is incredibly busy as the year draws to a close and in that maelstrom of events, data drops, assessment, planning for next year and trips we will still make time for the important things. We will continue to nourish the personal growth of the children as they prepare to move into the next stage of learning.

As ever, thank you all,  
Sol Johnson.

## Diary Dates

### 2019
